

Are you a Non-Medical Practitioner? Your help will make a difference!

Non-Medical Practitioner (NMP) roles include:

Surgical Care Practitioner (SCP)
Perioperative Specialist Practitioner (PSP)
Surgical First Assistant
Physician Associate (PA)
Physician Assistant Anaesthesia (PA-A)
Surgical Nurse Practitioner
Advanced Clinical Practitioner (ACP)

...but may include other titles such as laparoscopic nurse/practitioner.

This is a **descriptive exploratory study investigating NMP roles within healthcare care settings in the United Kingdom (UK)**. The research is supported by Coventry University and funded the National Institute for Health Research (NIHR).

This survey is supported by the *Association for Perioperative Practice (AfPP)*, Royal College of Anaesthetists (RCoA) and *Association of Cardiothoracic Surgical Assistants (ACSA)*.

If you are a NMP and would like to complete the online survey it is **available from 6th June - 30th September 2016**, accessed by scanning the QR code or using URL Link below:
